Elegant interior lamp designed as an essential element that creates an evocative light of great comfort. A matt ball of simple and pure form, cut in two perfect halves that diffuse reflected and discreet light. The project line is the essentiality that shapes both the aesthetics and the lighting effect. The light is spread from

inside the ball, reflected on the inner shell of the dome and spread on the surface of the table on which it is placed. Designed for the living, its light gives a great atmosphere to the home. The unit features a dimmer enabling custom quality and intensity light.
